Franco Capiglioni

JUNIOR FRONT-END DEVELOPER

Junior Front-End Developer focused on building interactive and playful experiences, both on the web and through games. While teaching programming, I started creating my own gamified tools—an experience that shaped the way I approach development today.

I'm now looking to join a creative and technically driven team where I can keep learning and growing.

PROFESSIONAL EXPERIENCE

Codelearn SL

Coordinator & Programming Instructor

Sept 2021 – Apr 2025

- Taught programming (Python, JS, C#) to students aged 8–18
- Managed a team of 5+ instructors across two learning centres
- Designed marketing campaigns and handled community outreach
- Improved student retention through gamified learning journeys
- Developed interactive apps and coding games used for class use

Applus + IDIADA

Software Developer Intern
